

materials-driven regeneration

- May 9 & 10, 2022 -

MDR annual meeting

Hotel Mennorode | Apeldoornseweg 185 | Elspeet

The MDR Annual meeting brings together faculty, PhD students, postdocs and technicians working in the participating groups of the MDR Research Center to share the latest developments and breakthroughs of their research. The aim of this event is to stimulate discussion and interaction between members of the MDR community, with the intention to further strengthen the collaborations and joined efforts leading to outstanding research.

Program May 9th

- 12:00 Lunch + **Opening MDR Annual meeting**
- 13:00 **Session 1: Materials-driven Form & Function**

Keynote lecture by Prof. Marileen Dogterom (Delft University of Technology)

Speakers: Daniel Krueger (RMU), Stefan Giselbrecht (MERLN), Vito Conte (ICMS)
Rapid fire talks: Martina Viola (RMU), Marleen van Stevendaal (ICMS)
- 15:15 Coffee break
- 15:45 **Session 2: Cell-material interface and screening**
Speakers: Jan de Boer (ICMS), Jos Malda (RMU), Aurélie Carlier (MERLN)
Rapid fire talks: Steven Vermeulen (MERLN), Jasper Aarts (ICMS)
- 17:00 Break
- 18:00 **Poster session with walking dinner**
