

The MDR colloquium will take place once a month on Wednesdays at 16:00h Central European Time (CET). Each week two presenters will present their latest findings followed by discussion and questions. The schedule of the months September – December 2021 can be found below.

Date - time	Name presenter	Name moderator
8 September 16:00h	Laura Rijns Aur�lie Carlier	Nino Chirico
13 October 16:00h	Daniel Krueger Riccardo Levato	Jasper Aarts
10 November 16:00h	Jonathan Butcher	Carlijn Bouten
8 December 16:00h	Darragh Crosbie Keita Ito	Ranganath Maringanti

Information about the MDR colloquia:

- Each presentation will take 20 minutes followed by a 10 minutes discussion
- The session is moderated by one of the MDR young scientists
- All MDR researchers, ISAB members, and researchers from MDR affiliated institutes (ICMS, RMU, MERLN) are welcome to join this meeting
- Each colloquia will be presented and promoted by a poster including the title and abstract of the presentation, and an interactive link to the livestream.
